

Payroll giving is a fantastic and easy way to support your local community.

With payroll giving, your donation is taken out of your regular pay before it goes into your bank account. You decide the amount to give and can change it anytime.

It also allows you to receive immediate tax credits from your donations. No need to collect donation receipts and wait until the end of the year to claim those credits.

Payroll giving is simple

Your employer will automatically deduct your chosen amount from your pre-tax pay, reduce PAYE by the appropriate tax credit (calculated at 33.33 cents per dollar), then forward the donations to Life Flight.

For donations over \$5, a third of the donation amount is given back immediately as a tax rebate. So, for example, if you donate \$15 to Life Flight through payroll giving, you'll only have a \$10 reduction in your take-home pay.

Your employer may also choose to match the gifts you and your colleagues give.

By choosing Life Flight you will help save local lives

Life Flight operates the Wellington-based Westpac Rescue Helicopter and a nationwide Air Ambulance Plane service. Thanks to fantastic community support, we are available 24/7.

Your donations will help the most critically ill and injured in your community receive the vital care they need quickly and safely.

Committing to a regular donation means we can commit to always being available

You will become part of our Red Angels Team and will be with us on every mission. Your donations will cover vital costs such as buying and maintaining essential medical and rescue equipment, fuelling our aircraft and training our emergency teams.

Regular updates on how you are helping

We can provide you with regular updates to show you the difference you are making and introduce you to some of the people you have saved.

To find out more

Please talk with your manager or email Sherry@lifeflight.org.nz to find out more.

By choosing Life Flight as your payroll giving recipient, you will give hope to people in your local community during what could be their most difficult day.

Thank you!
